- Management Skills
- Creativity
- Negotiation
- Critical Thinking
- Leadership

Experience

3-month intensive internship was an eye-opening experience for me. During these 3 months at Rinor, I learned a lot about the JavaScript ecosystem from vanilla JavaScript to React.js for the Frontend and Node.js, Express.js, and MangoDB for the backend.

About

**I'm Suhail Yousuf, a highly creative Full Stack Web Developer with over 1 years of experience in full stack web development, backend web development, frontend web development, and MERN stack Web development.
